# THE RECORDS

OF THE  
FORTY-FIRST MUNICIPAL YEAR  
ENDING DEC. 31, 1925

MONDAY, FEB. 9, 1925

Article 1. To choose a Moderator for one year, a Town Clerk for one year, a Town Treasurer for one year, Two Constables for one year, One Auditor for one year, One Tree Warden for one year, One Selectman for three years, One Overseer of the Poor for three years, One Assessor for three years, One School Committee for three years, One Trustee of the Public Library for three years, One Water Commissioner for three years, One Park Commissioner for three years, One Tax Collector for one year, One Cemetery Commissioner for three years, One Sewer Commissioner for three years. Also to vote "Yes" or "No" in answer to the question, "Shall License be granted for the Sale of Non-Intoxicating Beverages in this town?" All of the above to be on one ballot.

Town Clerk, one year,		Tree Warden, one year,	
Louis LaCroix	249	Everett L. Coldwell	208
Town Treasurer, one year,		Moderator, one year,	
Evan F. Richardson	228	Rudolph F. King	237
Tax Collector, one year,		Two Constables, one year,	
J. Clarence Thorne	243	John F. Sullivan	239
Auditor, one year,		William H. Thorne	232
James W. Payson	227		

Overseer of the Poor, one year, to fill vacancy,		Sewer Commissioner, three years,	
Christopher Clancy	248	Evan F. Richardson	218
Assessor, three years,		Park Commissioner, three years,	
Edward E. Adams	232	Martha E. Paloski	207
Selectman, three years,		Cemetery Commissioner, three years,	
Timothy J. McCarthy	251	E. F. Richardson	183
Overseer of the Poor, three years		Shall license be granted for the sale of non-in- toxicating bever- ages in this town?	
Herbert H. Thorne	235	No	110
School Committee, three years,		Yes	107
Richard F. Downing	266		
Library Trustee, three years,			
Thomas A. Congdon	206		
Water Commissioner, three years,			
Charles LaCroix	217		

At this time several of the officers elected were sworn into office the remainder taking their oath of office at the close of the meeting.

Chairman of the Board of Selectmen reported that the resignation had been received and accepted of Mrs. Mattie E. Burt as a member of the School Committee.

Voted that the townspeople here assembled give a rising vote of thanks to Mrs. Mattie E. Burt for the performance of her arduous duties during the last four years as the first representative of the ladies to be elected a member of the School Committee Board.

Art. 2. To hear and act on the reports of Town Officers and Committees.

Voted that the several reports of the town officers be taken up and acted upon separately as given in the town report.

All reports discussed, accepted and adopted as printed with the exception of the Engineers' Report of Fire Department and the Report of the School Committee.

Under the Water Commissioners' Report it was suggested that instead of printing the names and amounts received from individuals that the names and amounts appear in the town report that have not been paid and are still due the town at the end of the year.

Voted that the Engineers' Report of Fire Department be not accepted.

Voted that all financial reports printed in the town report shall be itemized and signed by members of boards under whose direction the money has been spent before being accepted by the Selectmen.

Voted that the Selectmen be instructed to require the Fire Commissioners to bring in an itemized report at the next town meeting.

Voted to accept the report of the School Committee with the understanding that the name of Charles Smith, Jr., shall be appended to same as a graduate of the High School class of 1924.

After accepting the Selectmen's Report, it was further voted that the thanks of the town be extended to all citizens of Rockville who so willingly assisted in the construction of the new Fire Engine House in Rockville.

Art. 3. To see what disposition the Town will make of the money refunded by the county on account of dog licenses.

Voted that the money received from the county on account of dog licenses be appropriated for the use of the Public Library.

Art. 4. To see if the Town will appropriate a sum of money for Memorial Day, or act in any manner relating thereto.

Voted that the sum of \$200 be appropriated for the Memorial Day Committee.

Voted that the Moderator appoint the Memorial Day Committee.

Art. 5. Voted to lay Art. 5 on the table for the present and take up Art. 28.

Art. 28. To see if the town will vote to increase the salaries of the Chairman of the Selectmen, and the Water Registrar, or act in any manner relating thereto.

Voted that the salary of the Chairman of the Board of Selectmen be increased to \$200.00.

Voted to increase the salary of the Water Registrar to \$200.00.

Voted to take Article 5 from the table and act upon same.

Art. 5. To appropriate money for all necessary town expenses, including a sum sufficient to pay all town officers' salaries.

Voted to appropriate moneys itemized as follows:

Removal Snow	\$1000 00
Salaries	3350 00
Incidentals	3000 00
State Aid	200 00
Public Library	300 00
Poor Department	2000 00
Roads, Bridges and Sidewalks	4000 00

School Department	29500 00
Fire Department	2500 00
Street Lights	1300 00
Debt and Interest	14750 00
	<hr/>
	\$61900 00

Art. 6. To see if the town will appropriate a sum of \$2500.00 for a regular police officer and maintenance of law and order and the suppression of illegal sale of liquor.

Four tellers appointed by Moderator and sworn into duty.

By a rising count "Yes" 212, "No" 16, it was voted to appropriate a sum of \$2500.00 for a regular police officer and maintenance of law and order and the suppression of illegal sale of liquor.

Art. 7. To see if the town will appropriate the sum of \$6000.00 for the purpose of applying tarvia to the main thoroughfares of the town, or act in any manner relating thereto.

Voted to appropriate the sum of \$5000.00 for the purpose of applying tarvia to the main thoroughfares of the town.

Art. 8. To see if the town will appropriate a sum of money for special repairs on such streets as are selected by the Massachusetts Highway Commission acting in conjunction with the state and county, or act in any manner relating thereto, and to borrow money in anticipation of the reimbursement made by the state and county on account of such work.

Voted that the sum of \$15,000.00 be appropriated for completion of work on Village Street and \$3000.00 for repairs on Main Street, provided one-third of this amount be refunded to the town by the State and one-third by the

County, and that the work on Village Street be let out by contract to the lowest responsible bidder, and to borrow money in anticipation of the reimbursement made by the State and County on account of such work.

Art. 9. To see if the town will appropriate \$300.00 towards the support of the District Nurse, or act in any manner relating thereto.

Voted to appropriate \$300.00 towards the support of the District Nurse.

Art. 10. To see if the town will appropriate a sum of money for electric lights, or act in any manner relating thereto.

Voted to dismiss the article.

Art. 11. To see if the town will appropriate the sum of \$668.07, said sum being the portion of the expense incurred and apportioned by the County Commissioners for the care and maintenance of Norfolk County Hospital, or act in any manner relating thereto.

Voted that the sum of \$668.07 be appropriated to pay expense incurred and apportioned by the County Commissioners for the care and maintenance of the Norfolk County Hospital.

Art. 12. To see if the town will appropriate the sum of thirty-five hundred dollars (\$3500.00), for the suppression of the gypsy and brown tail moth and elm leaf beetle, or act in any manner relating thereto.

Voted to appropriate the sum of \$1100.00 for the suppression of the gypsy and brown tail moth and elm leaf beetle.

Art. 13. To see if the town will appropriate the sum of fifteen hundred dollars (\$1500.00) for the Tree Warden Department, or act in any manner relating thereto.

Voted to appropriate the sum of \$500.00 for the Tree Warden Department.

Art. 14. To see if the town will appropriate a sum of money for the use of the Board of Health, or act in any manner relating thereto.

Voted to appropriate the sum of \$200.00 for the use of the Board of Health.

Art. 15. To see if the town will appropriate the sum of one thousand dollars (\$1000.00) for use of the Park Department, or act in any manner relating thereto.

Voted that the sum of \$300.00 be appropriated for the use of the Park Department.

Voted that the Selectmen be requested to lay out an entrance to the park leading off Plain Street.

Art. 16. To see if the town will vote to install an electric light on Union street near the residence of Chester LaCroix, or act in any manner relating thereto.

Voted that the sum of \$16.00 be appropriated for the installation of an electric light on Union Street, the exact location to be determined by the Selectmen.

Art. 17. To see if the town will vote to install an electric light on Plain street near the residence of Harold Simpson, or act in any manner relating thereto.

Voted that the sum of \$16.00 be appropriated for an installation of an electric light on Plain Street, the exact location to be determined by the Selectmen.

Art. 18. To see if the town will instruct the Selectmen to sell to James Tiernan a strip of land approximately ten feet wide on the westerly side of the high school lot, establishing the line approximately where the Edison Electric Ill. Co. poles now stand that serve the town park, or act in any manner relating thereto.

Voted to instruct the Selectmen to sell to James Tiernan a strip of land approximately ten feet wide on the westerly side of the high school lot, establishing the line approximately where the Edison Electric Ill. Co. poles now stand that serve the town park, at a price which they deem advisable.

Art. 19. To see if the town will appropriate the sum of twelve hundred dollars (\$1200.00) for repairs on Green and Myrtle streets, or act in any manner relating thereto.

Voted to appropriate the sum of \$1220.00 for repairs on Green and Myrtle Streets.

Art. 20. To see if the town will appropriate the sum of two hundred and sixty-five dollars (\$265.00) to purchase the Beacon Light now installed on trial at LaCroix Corner, or act in any manner relating thereto.

Voted to appropriate the sum of \$265.00 to purchase the beacon light now installed on trial at LaCroix's Corner.

Art. 21. To see if the town will appropriate the sum of six hundred dollars (\$600.00) to defray the expense already incurred by the Sewer Commissioners in a court action against the Town of Millis by Joseph M. Herman, Safepack Mills and Clicquot Club, or act in any manner relating thereto.

Voted to appropriate the sum of \$500.00 to defray the expenses already incurred by the Sewer Commissioners in a court action against the Town of Millis by the Joseph M. Herman Shoe Company, Safepack Mills and Clicquot Club Company.

Art. 23 To see if the town will vote to amend the building laws as recommended by the Special Committee appointed by the Selectmen, or act in any manner relating thereto.

Voted that Art. 22 be indefinitely postponed.

Art. 23. To see if the town will vote to appropriate the sum of eight hundred and fifty dollars (\$850.00) to purchase a loading machine, or act in any manner relating thereto.

Voted that the sum of \$950.00 be appropriated to purchase a loading machine for the use of the Street Department.

Art. 24. To see if the town will vote to install an electric light on Spring street near the residence of Mrs. Lawrence McDonough, or act in any manner relating thereto.

Voted to appropriate the sum of \$16.00 for the installation of an electric light on Spring Street, the exact location to be determined by the Selectmen.

Art. 25. To see if the town will vote to appropriate the sum of three hundred and fifty dollars (\$350.00) to build a sidewalk on Union street, from Parnell street to Main street, or act in any manner relating thereto.

Voted to dismiss the Article.

Art. 26. To see if the town will appropriate the sum of two hundred dollars (\$200.00) for the use of the Park Department to defray the expense for securing for park purposes land now in process of being taken for this purpose by the Park Commissioners in accordance with the vote of the town, or act in any manner relating thereto.

Voted that the sum of \$200.00 be appropriated for the use of the Park Department to defray the expense for securing for park purposes land now in process of being taken for this purpose by the Park Commissioners in accordance with the vote of the town.

Art. 27. To see if the town will vote to appropriate the sum of eight hundred dollars (\$800.00) for the American Legion Post No. 208 of Millis, to be used in the building of

their headquarters. The same to be taken from the balance in Treasury, or act in any manner relating thereto.

Voted to appropriate the sum of \$800.00 for the American Legion Post No. 208 of Millis, to be used in the building of their headquarters. The same to be taken from the balance in treasury.

Art. 28. This Article previously acted upon.

Art. 29. To see if the town will vote to extend the water system on Acorn street to the residence of Morris Yellan, and borrow money for same, or act in any manner relating thereto.

Voted to leave this matter with the Water Commissioners to enter into the usual form of contract.

Art. 30. To see if the town will vote to appropriate a sum of money to purchase a one-man grader, or act in any manner relating thereto.

Voted to dismiss the Article.

Art. 31. To see if the town will vote to grant a franchise to be renewable annually to the Medway & Dedham Bus Line Inc. to maintain and operate its present operation and service of busses within the confines of the Town of Millis, and through said Town of Millis, or act in any manner relating thereto.

During the discussion of this Article Moderator Elect R. F. King acted in the place of Acting Moderator G. P. Holbrook.

During the discussion of this Article, and with the permission of the citizens assembled, Mr. Johnson, Manager of the Bus Line in question, was given an opportunity to speak.

Voted that the Selectmen be authorized to grant a franchise to be renewable annually to the Medway & Dedham Bus Line, Inc., to maintain and operate its present operation

and service of busses within the confines of the Town of Millis and through said Town of Millis, provided the majority of the other towns do likewise.

Art. 32. To see if the town will vote to appropriate the sum of four hundred and thirty-three dollars (\$433.00), this sum being the amount of unpaid bills, or act in any manner relating thereto.

Voted to appropriate the sum of \$433.00 for unpaid bills.

Art. 33. To see if the town will appropriate a sum of money to extend the water service on Village street to the residence of Waldemar Clark, and borrow money for same, or act in any manner relating thereto.

Voted to leave the matter of extending the water service on Village Street to the residence of Waldemar Clark with the Water Commissioners, to enter into the usual form of contract.

Art. 34. To see if the town will appropriate a sum of money to install new mains on Adams and Parnell streets, and borrow money for the same, or act in any manner relating thereto.

Voted to appropriate the sum of \$3000.00 to install new water mains on Adams and Parnell Streets, and borrow money for the same.

Art. 35. To see if the town will appropriate a sum of money to install a main from LaCroix's Corner to the residence of Mr. Holst, on Main street, and borrow money for the same, or act in any manner relating thereto.

Voted to dismiss the Article.

Art. 36. To see if the town will appropriate a sum of money to join the water mains on Union and Irving streets,

so as to make a circuit, and borrow money for same, or act in any manner relating thereto.

Voted to appropriate the sum of \$500.00 to join the water mains on Union and Irving Streets, so as to make a circuit, and borrow money for same.

Art. 37. To see if the town will vote to extend the water system to the residence of William Proe, John Walker, Harry Walker and Fred Wallace. and borrow money for the same, or act in any manner relating thereto.

Voted that this matter be left to the Water Commissioners to enter into the usual form of contract.

Art. 38. To see if the town will vote to take action on installing a new pump at the Pumping Station, and borrow money for the same, or act in any manner relating thereto.

Voted that a committee of two be appointed by the Moderator to act in conjunction with the Water Commissioners and report at a special town meeting definite plans as to what they really want for the pump.

Art 39. To see if the town will vote to appropriate a sufficient sum on money to publish the Assessors' Report, or act in any manner relating thereto.

Voted that the sum of \$600.00 be appropriated to publish the Assessors' Report for the year 1925.

Art. 40. To see if the town will vote to appropriate the sum of five hundred dollars (\$500.00) to purchase equipment for use in the Rockville Fire Department, or act in any manner relating thereto.

Voted that the sum of \$850.00 be appropriated for the purpose of purchasing equipment for the use of the Rockville Fire Department, this amount to expended under the direction of the Engineers and two members of the Rockville Fire Department who shall be appointed by the Selectmen.

Art. 41. To see if the town will vote appropriate a sum of money not to exceed one thousand dollars (\$1000.00) to pay land damages on Village street to be reimburse by Norfolk County, or act in any manner relating thereto.

Voted that the sum of \$1000.00 be appropriated to pay land damages on Village Street, this sum to be refunded by Norfolk County.

Art. 42. To see if the town will vote to accept Sections 21 to 28 inclusive of Chapter 136 of the General Laws, or act in any manner relating thereto.

By a rising count "Yes" 121, "No" 61, it was voted to accept Sections 21 to 28 inclusive of Chapter 136 of the General Laws.

Art. 43. To see if the town will vote to accept Sections 132 to 136 inclusive of Chapter 140 of the General Laws, or act in any manner relating thereto.

Voted to accept Sections 132 to 136 inclusive of Chapter 140 of the General Laws.

Art. 44. To see if the town will vote that the salary of the Tax Collector shall be four hundred dollars (\$400.00) on and after the year 1925, or act in any manner relating thereto.

Voted that the Article be dismissed.

Art. 45. To see if the town will vote to discuss at this meeting the present school system, or act in any manner relating thereto.

Voted that the Article be dismissed.

At this time it was voted that the citizens assembled extend a rising vote of thanks to the retiring Moderator Mr. George P. Holbrook, for the services that he has extended to the voting citizens of this town.

Art. 46. That the treasurer with the approval of the selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning Jan. 1, 1925, and to issue a note or notes therefor, payable within one year, any debts incurred under this vote to be paid from the revenue of said municipal year.

Voted that the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the municipal year beginning Jan. 1, 1925, and to issue a note or notes therefor, payable within one year, any debts incurred under this vote to be paid from the revenue of said municipal year.

Art. 47. To grant money appropriated in the foregoing articles.

Voted to grant the sum of \$101,014.07 appropriated in the foregoing articles.

Voted to adjourn.

LOUIS LACROIX,

Town Clerk.

# ENGINEERS REPORT OF THE FIRE DEPARTMENT

Hon. Board of Selectmen,  
Town of Millis, Mass.

Gentlemen:

Herewith we wish to present report of conditions as we have found them for the past season. Millis equipment remains practically as good as ever. Rockville district has in service a very good Graham Bros. Combination Hose and Forest Wagon as new equipment, taking care of things very well.

The number of fires attended by both companies was rather more than usual, amounting to 63 calls, both alarm and still, of which we include a calendar list.

The old wooden floor at Millis House got in such bad condition that we had to replace it with a new cement floor and other small changes, all of which was done at a very low figure.

In view of the fact that Millis has very low water pressure from 35 to 50 lbs. and no way for Water Department to materially increase same without expenditure of a vast sum of money, we most urgently ask for a Triple Combination Pumping Engine. The same to be of about 500 gallons per

minute capacity at a cost of about \$8000.00. This would permit of a first-class standard fire equipment of medium size capable of covering the town for a number of years.

The industries of the town as well as most of the taxpayers wish that we ask you to have an article in town warrant covering such an apparatus.

The buildings the past few years have grown to such numbers and sizes that we can no longer properly protect them with our low pressure hydrants, and very little protection at all in the outlying sections.

A first-class motor pumper such as outlined above will give outlying property at least a chance of getting good working lines on a fire.

In event of a large fire we have no equipment able to cope with it and must depend largely to outside help.

We ask for practically same appropriation to maintain both companies, Millis and Rockville as usual namely \$3000.00. We have a number of unpaid bills which we felt must be contracted for at once for emergency business.

In concluding, we feel that if these recommendations are carried out you will have one of the best Fire Departments in any of the small towns. We remain,

Respectfully yours,

DELMONT C. ADAMS,

MILLARD B. LACROIX,

Board Fire Engineers.

#### List of Fires in Millis Jan. 1 to Dec. 1, 1925

## Continuation of Town Records.

Misplaced by Accident

SECOND MEETING, MAY 11, 1925

Meeting called to order at 7.45 P. M. by Moderator Rudolph F. King.

As there were not 15 per cent of the legal voters of the town present at this hour, it was voted that Art. 1 of the town warrant be deferred until 8 o'clock.

Voted to lay Article 1 on the table and take up Article 2 of the warrant.

Art. 2. To see if the town will vote to install an electric light at the rear of the N. Y. N. H. & Hartford Railroad Station, and appropriate money for the same, or act in any manner relating thereto.

Upon recommendation of the Finance Committee, it was voted to install an electric light at the rear of the N. Y., N. H. & H. R. R. Station.

At 8.15 P.M. as there was still insufficient number present to act under the remaining articles in the warrant, it was voted to defer action for twenty minutes.

Voted to take Article 1 from the table and act upon same.

Article 1. To see if the town will vote to appropriate a sum of money to meet the deficiency in installing the water mains on Adams and Parnell Streets, and borrow money for the same, or act in any manner relating thereto.

Voted to appropriate \$550.00 to meet the deficiency in installing the water mains on Adams and Parnell Streets.

Art. 3. To see if the town will vote to appropriate a sum of money to extend the water system to the residence of William Proe, John M. Walker, Harry N. Walker and Fred Wallace, and borrow money for the same, or act in any manner relating thereto.

Art. 4. To see if the town will vote to appropriate a sum of money to extend the water system on Village Street to the residence of Waldemar Clark, and borrow money for the same, or act in any manner relating thereto.

Upon recommendation of the Town Treasurer, it was voted to rescind the vote passed under Article 3 and that Articles 3 and 4 be acted on collectively.

Arts. 3 and 4 unanimously. Voted that the sum of \$6300.00 be appropriated to extend the water system to the residences of William Proe, John M. Walker, Harry N. Walker and Fred Wallace, and that the Water Commissioners be instructed to enter into a contract with all takers of water on this extension whereby they shall pay interest at 6 per cent per annum on one-half of the total cost of construction for a period of ten years; and that the sum of \$1600.00 be appropriated to extend the water system on Village Street to the residence of Waldemar Clark, the Water Commissioners to be instructed to enter into the usual form of contract for this work, and that money so appropriated be borrowed on serial notes.

Voted unanimous, that the Treasurer, with the approval of the Selectmen, be authorized to borrow \$7110.00 to be divided into nine serial notes of \$790.00 each, one due each year for the next nine years, and that \$790.00 be raised from this year's taxes to cover appropriations made under Articles three and four voted on collectively.

Art. 5. To see if the town will vote to appropriate the sum of three thousand dollars (\$3000.00) for a section of per-

manent road on Main Street, providing the county will appropriate three thousand dollars (\$3000.00) and the state six thousand dollars (\$6000.00), or act in any manner relating thereto.

Motion that Article 5 be dismissed not carried.

Voted unanimous, that the town appropriate the sum of five thousand dollars (\$5000.00) for a section of permanent road on Main Street, providing the county will appropriate five thousand dollars (\$5000.00) and the state ten thousand dollars (\$10000.00).

Art. 6. To see if the town will vote to appropriate the sum of five hundred dollars (\$500.00) to defray the expenses of the Fire Department, or act in any manner relating thereto.

Motion that Article 6 be dismissed not carried.

Voted that the sum of \$500.00 be appropriated to defray the expenses of the Fire Department.

Art. 7. To grant money appropriated in the foregoing articles.

Voted to grant the sum of \$6840.00 appropriated in the foregoing articles.

Voted that the report of the Fire Engineers a printed in detail and mailed to the citizens of the town during the week of May 4, 1925, be accepted.

Voted to adjourn.

LOUIS LACROIX,

Town Clerk.

---

### THIRD MEETING, SEPT. 25, 1925

---

Article 1. To see that the town will appropriate a sum of money for laying an additional pipe to care for the surface drainage running from the Clicquot Station to the outlet, ac-

cept any contributions towards the cost of the same, and determine how the appropriations shall be raised, or take any action relating thereto.

Voted unanimously. That it is the sense of this meeting the Selectmen take charge of this matter as an Emergency case.

Voted. That any contributions from abutter be accepted and a vote of thanks extended the donors.

Art. 2. To see if the town will authorize the Selectmen to install an electric light or danger signal on Main street near the N. Y., N. H. & Hartford Railroad, or act in any manner relating thereto.

Voted, unanimous, That the Selectmen take this matter up with the officials of the N. Y., N. H. & H. Ry. Co.

Art. 3. To see if the town will accept that portion of Island Road, formerly abandoned to the Henry Millis Estate, lying between Exchange Street and Ridge Street, and authorize the Selectmen to petition the County Commissioners for a new layout, or act in any manner relating thereto.

Voted. That the Selectmen be requested to proceed to have the street laid out according to petition.

Voted to adjourn.

LOUIS LACROIX,

Town Clerk.

Examined and found correct.	

JAMES W. PAYSON,

Town Auditor.

## New Extensions.

The work on the new extensions on Union and Irving and Adams and Parnell, was put out to bids, but we just asked the two men in town C. E. Simpson and William H. Hinman to figure. Mr. Simpson did not put in his figures, so that left Mr. Hinman's figures the only ones to be considered. The Commissioners considered these figures very satisfactory and the work was given to him according to his figures as shown in the contract.

Millis, Mass.,

April 2, 1925.

The Water Commissioners of the Town of Millis having accepted the bid of William H. Hinman for the performance of all the conditions as specified by them in the work of laying new water mains on Adams and Parnell streets and Union and Irving streets, it is agreed by and between said Hinman and said Water Commissioners acting for the said Town of Millis, Massachusetts, as follows:

That said Hinman agrees to put in said mains for the cost of 80 cents per foot, removal of ledge \$10.00 per yard,

putting in hydrants \$8.00 each, putting in valves \$2.00 each. All work to be done in a good, workmanlike manner, satisfactory to said Water Commissioners; and said Commissioners agree to make partial payment while the work is in progress and the balance on acceptance of said work by the Water Commissioners.

WILLIAM H. HINMAN, Contractor.  
Water Commissioners of the Town of Millis, Massachusetts  
By CHARLES LACROIX,  
MICHAEL H. CLANCY,  
LLOYD C. KING.

On the work of putting in new mains on Plain and Village streets Mr. Hinman offer the same figures on this work. The Commissioners considered these figures very low and we awarded the work to him.

Millis, Mass.,

June 22, 1925.

The Water Commissioners of the Town of Millis having accepted the bid of William H. Hinman for the performance of all conditions as specified by them in the work of laying new water mains on Plain and Village streets, it is agreed by and between said Hinman and said Water Commissioners acting for the Town of Millis, Massachusetts, as follows:

That said Hinman agrees to put in said mains for the cost of 80 cents per foot, removal of ledge \$10.00 per yard putting in hydrants \$8.00 each, and putting in valves \$2.00 each. All work to be done in a workmanlike manner, satis-

factory to said Water Commissioners, and said Commissioners agree to make partial payment while the work is in progress and the balance on acceptance of said work by the Water Commissioners.

## Report of Park Commissioners

Millis, Mass., Jan. 16, 1926.

Appropriations

\$500 00

### Expenditures.

Edison Electric Co., lighting	\$3 75
C. E. Simpson, supplies and postage	2 21
Harry J. Webb, legal services	10 00
Coldwell & King, labor, Millis Park	43 00
C. E. Simpson, labor, Himelfarb Park	71 69
“ “ Millis Park	28 15
Estate of Patrick Costello, land, Himelfarb Park	175 00
Total Expenditures	333 80
Unexpended balance	166 20

Recommendation. We believe that there should be an entrance from Plain street to the Millis Park, and therefore recommend that the Selectmen be instructed to take necessary steps to establish a public highway for this purpose, particularly the location designed as "Munroe street" on "Plan of land showing proposed taking for park" by E. Worthington, Engineer, dated Feb. 3, 1922.

We recommend a substantial appropriation for the coming year. This may be used for many desirable purposes such as general upkeep, water, tennis courts, trees and shrubbery, toilets and driveways.

CLARENCE E. SIMPSON,  
MARTHA E. PALOSKI,  
FRANK P. CONGDON,  
Park Commissioners.

## Superintendent's Report

To the School Committee of Millis:

In accordance with the regular custom I hereby have the honor to submit my second annual report.

The efficiency of the schools depends upon the provisions that are made for effective instruction both the services of those capable through education and training and the conditions under which the work is carried on.

The period of time which this report includes marks a decided change in the administration of the schools. At the outset it was realized that there were many matters that needed attention and that certain procedure was necessary to the greatest possible advancement.

Many matters were given attention at once and it very much bettered the conditions under which the schools were being conducted. It gave a greater stimulus and interest.

### Teachers.

In making arrangements for the teaching for this school year the matter was given careful consideration so as to have a capable teacher in each position. It was possible to retain the services of several of the teachers that had proved their special fitness for their positions. This helped to establish a degree of stability to the teaching force which is quite desirable. The remaining positions were filled with teachers of education and training for the respective lines of work.

This procedure has established effective instruction and has strengthened the teaching throughout the entire course.

### High School.

The classification of high schools for purposes of certification to normal school and other higher institutions comes under the jurisdiction of the Agent of the State Department. Mr. Frank P. Morse, Supervisor of Secondary Education report of his last visit was that the school is in better condition than last year that there has been a real improvement. The needs that were specified were further equipment for science and the library which can be provided for in the new fiscal year.

### Attendance.

The importance of regular attendance is so great in its effect upon the work of the school and the advancement of the pupils that it demands some attention. The pupils that are regular in attendance make the regular advancement. Irregular attendance tends to result in elimination, for the pupil has difficulty in keeping with the grade and later leaves school. The pupils that reach high school are of the group that have been in school when school has been in session.

The schools have worked to develop this incentive on the part of the pupils.

The importance of attendance seems to be recognized for the results show that there has been cooperation on the part of the parents which indicate in some degree approval of the conduct of the schools. The attendance has been better each month than for the corresponding month the year before.

Our records show that during the months of September, October, November and December 1925 the number of pupils

who were neither absent or tardy was twice the number during the corresponding months of 1924.

The attendance for the first four months of this school year was 2.6 per cent better than for the same months of the previous year, which means that figuring it financially the Schools earned three hundred dollars more than for the same time the year before.

### Health.

The problem of health is vitally connected with education. Health education is fundamental in the problem of human welfare. Health is mainly a matter of education since it is affected by habits which are acquired during the time that the pupil is in the lower grade.

Definite instruction in health is a part of the regular course. It is the purpose to develop proper health habits and a knowledge of conditions that are conducive to health. The four book course written by Dr. Andres and Dr. Evans has been adopted for use in grades three to six.

The object of the law requiring the employment of a school nurse is to reduce the number of exclusion from school for illness, to cooperate with parents in cases of sickness so that there is the least possible loss of time from school and to work toward improving the health of school children.

The general health condition of the pupils during the fall as well as the attendance indicate the advantage effectiveness of the health work.

### Organization.

The transition from the eight grades to high school being such a decided change and the difficulties of adaptation to the first year of high school has resulted in a new plan of organization. It consists of the six-six plan, the principal

feature being the seventh and eight grades being included with the high school organized so as to receive the advantages of the departmental work with the instruction by teachers who have specialized in the different studies.

It permits of a more elective course better adapted to the differences in capacities and interests of the pupils—and results in the development of greater self-reliance, power of application and progress.

The transition from the eight grade to high school has always required many adjustments. With such a plan the change is more gradual with no decided break in the course and a greater possibility of the pupil continuing in school.

This plan is being used in more and more communities and seems to be used wherever it is possible. It has received the approval of parents and pupils and the enthusiastic endorsement of teachers.

### Conclusion.

The complete change in the administration of the schools and in the method of procedure that has resulted in the decided advance that has been made is directly attributive to the cooperation of the committee, the encouragement that they have given through developing an excellent spirit in the corps of teachers. The committee has worked for the improvement of the schools to be, for the welfare of the pupils.

It has been a pleasure to work in the interest of the schools and I wish to express my appreciation for the encouragement and support of the committee and to commend the teachers for their response to what has been suggested and their efforts in the performance of their work.

Respectfully submitted,

THEODORE W. KING.

## Principal's Report

To the School Committee of Millis:

### Junior High School.

The Junior High school is now accepted as a satisfactory solution of difficulties of the school system, and is being introduced more and more in the larger towns and cities in the state. In a town of this size a separate Junior High school is inadvisable, but the combined Junior-Senior or Six-Year High school answers the same purpose.

According to this scheme, the six lower grades would remain the same. The seventh, eighth and ninth grades would make up the Junior High school. The tenth, eleventh and twelfth grades would make up the Senior High school. Each teacher would specialize in some one or more subjects and teach all classes in that or those subjects.

The advantages of this system are several. During the adolescent period (from twelve to fifteen years) the child changes rapidly, both physically and intellectually, and educators agree that in the seventh and eighth grades he is ready for a more varied field of study and responsibility to satisfy his own development.

Now, however, the change from elementary methods and subjects comes abruptly at the end of the eighth grade when the pupil enters high school. This great break is one fault of the older system. Many pupils who have made excellent records in the grades fail in their first year of high school because the change from the restraint of the grades to the greater freedom of the high school is too sudden.

The Junior High system solves both these difficulties by a gradual change to high school methods during the seventh, eighth and ninth grades and by the introduction of the study of more advanced subjects in grades eight and nine.

In passing from the sixth to the seventh grade (the first year of Junior High) the change would not be great. The pupil would have the same subjects and the same teacher for some of these studies. But he would be introduced to a new time schedule, under which he would be assigned regular study periods and in which the length of the period would be changed from the thirty minute period of the grades to the forty minute period of the high school.

In the eighth grade the pupil would meet two new conditions—departmental teaching and promotion by subject. He would start Latin, commercial subjects, and work in algebra and geometry as well as in arithmetic. Two years would be spent on elementary Latin, thus laying a foundation for advanced work in the subject. French would be started in the ninth grade instead of the tenth, thus allowing four years for the subject instead of three as at present. General introductory science would be given in the eighth grade. The pupil would be promoted in any subject in which he passed.

Thus in the Junior High school the pupil finds earlier the broader fields for which he is ready, and at the same time the change is so gradual that when he enters high school (the tenth grade) he has become accustomed to high school procedure, and can pass easily from one grade to the next—the wide gap now existing between the elementary grades and the high school has been bridged.

This introduction of prevocational work in the eighth grade has several practical advantages. The pupil becomes acquainted with some high school subjects, and at the end of this year he should know whether he wishes to continue

Latin or the business course. Hence, he finds himself sooner and can thereby plan the rest of his course with greater unity. The extra time given to any subject by the introduction of the elementary courses helps the pupil to grasp that subject more firmly as he continues it. These courses also are of benefit to those children who early leave school to work. According to compulsory education laws they may leave at fourteen with no high school instruction. If, however, they have attended a Junior High school, they have some knowledge of high school customs and studies.

It is claimed, moreover, that the Junior High school helps to keep pupils from leaving school. In looking over our school records, I find that while from eighteen to thirty enter our first class of high school, the number to graduate runs between five and twelve. This year's graduating class is a good example of this fact. Eighteen pupils entered in 1922. Two of these are left, and three have come in from outside, making a class of five. This is too great a reduction, and everything that might improve the situation should be done. The Junior High school helps to keep pupils in school, first by presenting a more attractive program, and next by bridging the gap between the grades and high school, so that no one time presents itself to the minds of the half interested pupils as a logical time to leave. As there is no reason for leaving at the end of one year more than another, many stay on, and perhaps graduate, who, in our present system, would never enter high school at all—or, in the case of some, enter only to leave soon as the change from the grades proved too much for them.

An advantage of the Junior High school system is that teachers are chosen for the fact that they are adapted to a certain line of work—this specialization should make for greater efficiency, and the more efficiently a subject is taught

the greater interest among the pupils and the better results obtained. The pupils would begin at an earlier age than in the present system to have the advantage of these teachers specializing on different subjects.

One especial reason for our considering at this time the adoption of the Junior High school system is that, in addition to its decided advantages over the present school system, it would help us solve the very important question—to us—of adequate room for next year. With sixty-four pupils in the high school at the present time, and with our small senior class and the possibility of twenty-five pupils entering from the eighth grade, there is sufficient reason for early planning for the next school year. We have sufficient seating capacity for eighty pupils, but the recitation rooms are small, and there are but two. The chemistry laboratory can be used as a recitation room for a few small classes. The commercial room is small and has its floor space largely taken up by tables and typewriters. If a Junior-Senior High school were formed, and the large seventh and eighth grade rooms downstairs became available for high school use, the problem of planning the study and recitation periods for six grades would become somewhat simpler than it otherwise will be for four grades. Also it would be of advantage for the principal to have some of his classes on the main floor.

### School Activities.

Our spring season in baseball was unsuccessful as far as winning games went. However, we were in the Tri-County league, and this was of advantage to the boys in teaching good sportsmanship and in improving our standing among the schools about us. The boys deserve credit for playing a losing season with a good spirit.

We had a very successful football season. It was a great help to have our committee purchase the needed equip-

ment, also to have them show their interest in the games, and generally to assist in looking after the boys. It was a relief to the coach and myself to feel that when our team went into a game, they were protected as far as possible.

One way in which this school may be improved, and the larger boys induced to remain in school is by developing our athletic to a high standard. I feel that the appropriation made by the town last spring was a great help in the right direction, and it was appreciated by the boys and all others connected with the school.

Mention should be made of the splendid spirit this fall among the girls and boys in supporting the team. Pupils turned out well to games, both when the team played at home and in other towns, and encouraged the boys by enthusiastic cheering.

Last spring the Tri-County Prize Speaking Contest was held at Sherborne. Our high school was represented for the first time by one girl and one boy. We received honorable mention. This year the contest is going to be held in Medway and our high school will be represented.

The "Cercle Francais" (French Club) is a new activity this year. The purpose of the club is to instill in the pupils a greater interest in the French language, and to enable them to understand and to speak it more freely. The business meetings are conducted in French, songs with French words are learned, and games which bring in French words are played. The club is run entirely by pupils.

There are three musical clubs in school under the direction of Miss Spooner. The High School Glee Club consists of about thirty members chosen from the girls of all classes in the high school. Three part songs are sung. The Junior Glee Club was started this year and has about fifty members, consisting of girls and boys from the fifth, sixth, seventh and

eighth grades who can read and sing music. This club sings three part songs and studies the lives of composers and musicians. The third club, the Ukelele Club, is a new club this year. Anyone who can play a musical instrument may be a member. They play songs and pieces. Each club meets once a week after school. These clubs are doing much for the cause of music in the schools, and also they are a help in social affairs.

The Honor Roll has done much to improve the scholarship of the pupils in the high school. The percentage of those who obtained a mark of 85 or better in each subject has been changed from 9 per cent in September to 21 per cent in December.

The high school is now busy with rehearsals for "The Love Pirates of Hawali," a light operatta in two acts, to be given about the middle of February. Miss Helen Spooner is director, assisted by the high school teachers. The pupils are to be commended for their enthusiasm and sense of responsibility in putting on this operetta. The good attendance at rehearsals is a great factor towards making it a success.

### Seats and Desks.

Oftentimes we are put at a disadvantage in holding assemblies, school socials, meetings and in rehearsing for school plays, because we have a good sized room without the regular stationary school desks. To help out in this respect, I wish the stationary seats and desks now in the high school could be used to replace worn out in other rooms where better ones are badly needed. Then the high school seats and desks might be replaced by movable ones—this would make it possible to move them about as desired for special occasions.

### Commercial Course

The Gregg system of shorthand has been introduced this year, as Gregg is the system used in the majority of schools in the state.

The Commercial Course could be greatly improved and the student's ability increased by the addition of an office training course and a third year of typewriting. The office training course should include filing and some actual work on modern office appliances. Some new equipment would be necessary if the above course were introduced into the Commercial Course.

Our schools have advanced this year in standing. The pupils show a better spirit this year than last, and an improved attitude toward their work and teachers.

I thank the Superintendent, the committee and the teachers for their co-operation.

Respectfully submitted,

CLYDE F. BROWN,

Principal

## Report of Music and Drawing Supervisor.

---

January, 1926.

To the School Committee of Millis:

I submit herewith my report for music and drawing.

The work in music has been continued along the lines of previous years, the aims being—

To give every pupil a sound knowledge of the fundamentals of music for reading and singing.

To develop a love for singing, not only in school, but in the home and community, by teaching the children many songs of the Heart. Home and Country.

To develop chorus singing in the High School.

New music books have been procured for the Grammar grades, which have stimulated the interest of the children and been enjoyed by all.

The Girls' Glee Club has been continued this year, the work consisting mostly of three part singing. As rehearsals are held after school hours, the attendance and faithful work of the girls are very gratifying.

In addition to the Girls' Glee Club we have this year organized a Junior Glee Club of girls and boys from the fifth, sixth, seventh and eighth grades. This club meets once a week after school hours, and work in two and three part music is taken up. Once a month a business meeting is held, after which a paper on the life of some musician, written by a pupil, is read. This is followed by one or more of the composer's songs.

A Boys' and Girls' Ukelele club has been formed in High School, although pupils playing any instrument are gladly welcomed.

Drawing is a universal language used by all nationalities, and is one of the most important subjects taught in the schools. It includes native study, designing, illustration, paper cutting, lettering, landscape drawing, printing, poster and construction work, besides correlating with other subjects. It is a means of self expression which the children enjoy with enthusiasm.

Again I wish to thank the school executives and teachers for their continued co-operation in carrying out my suggestions.

Respectfully yours,

HELEN J. SPOONER,

Supervisor.

## Report of School Nurse.

Millis, Mass., Jan. 1, 1926.

To the School Committee:

All pupils had eyes and ears examined as required by the State and notices were sent to parents where defects were found.

The Health Crusade work is gaining in popularity and results: 207 children enrolled in September as Crusaders, 75 have received the Knight Pin for second honor.

Two cases of Impetigo were found among the children this Fall, which were cleared up very quickly. No other contagious cases were reported and very little sickness for the year as a whole.

Christmas Health Seals were sold to the School Children and \$15.27 resulted from this sale.

The Norfolk County Hospital has a Boy's Summer Health Camp at Braintree and one of our boys was sent to that Camp for eight weeks. The expense was met through the sale of Christmas Seals. We hope to send one or more boys next summer.

Grades I and II were weighed four times this year. Grades III to VIII were weighed every five weeks for the Health Crusade work. All those under weight were weighed once a month.

The children certainly are earnest little workers and there is great competition over which grade will receive the Health Banner each month. The Banner was held in September by the 7th grade, October by the 8th grade, Novem-

ber a tie score, the 5th and 7th grades each holding it two weeks and in December by the 5th grade.

Cocoa was served at lunch during January, February and March, the children purchasing 2,008 cups. 2,122 cups of milk were served to the first four grades in the Adams school at morning recess, during April, May and June and an increase in weight was noted on the weight charts. Cocoa is now being served in the Lunch Room during noon hour. 892 cups have been served during November and December.

During the summer vacation period the Committee made some repairs in the Nurse's Room and installed running water, a much needed improvment.

## SCHOOL SONG

Gray is the peaceful night,  
Day's closing brings it nigh;  
Crimson which streaks the sky  
In radiant light,  
Those are our colors dear,  
Tho we in numbers few  
To them we will be true  
When far or near.

Each year we work and strive  
To keep our ideals high,  
High as the distant sky,  
Each one alive.  
Memory of happy hours,  
Mills—thou school of ours,  
Hear this our welcome lay,  
Crimson and Gray.

## School Notes.

1

The Office room in the High School building has been given a through over hauling and we now have an excellent office connected with our Schools. The Joseph M. Herman Shoe Co. loaned a Typewriter desk and Committeeman R. F. King provided the office with a Royal Typewriter and another desk for general office use.

This office is used by the Superintendent, Principal, Supervisor of Music and Drawing and for all School Committee meetings. All records are kept in this room.

2

Total Committe meetings including regular and special, 29

Richard F. Downing	attended 28
--------------------	-------------

J. Clarence Thorne	" 27
--------------------	------

Rudolph F. King	" 29
-----------------	------

Superintendent Theodore King	" 15
------------------------------	------

Principal Clyde F. Brown	" 16
--------------------------	------

Two of the above meetings were held with the entire teaching corp. Regular monthly Committee meetings are held the last Friday of each month.

3

In March 1925 Principal Clyde F. Brown called a joint meeting of the Teachers from the High, Adams and Ellice schools for the discussion of School Problems. About fourteen of these meetings have been held up to date and we feel that a great amount of good has resulted from them.

4

The Committee and Teachers being anxious to have the citizens of the Town attend the Schools, to become inter-

ested in what is taking place in and by the schools, held June 11th, a "Go To School Day" in the Adams and Ellice sceools and in the evening of the same day, the afternoon session was held in all all departments of the High school.

On the evening of November 19, 1925 in Snow's Hall there was held a public Exhibition of School Work and an entertainment by the School Children.

Both these meetings where largely attended and proved a decided success.

## 5

This year special attention has been given to the need of new and up to date books in all our grades. Some new books have been purchased far each room and more will be purchased the coming year.

## 6

Fire Drills are held regularly. Chief Adams visited school and watched one of these drills at both the Adams and High Schools.

## 7

The School Committee has covered Shannon's bus and auto, with Liability Insurance and we hold a certificate of Insurance on the Medway & Dedham Bus Line Inc.

Our Schools Buildings and contents have a total insurance of \$53,550.00.

## 8

Sports for the first time were recognized by the School Committee as being essential to the success of our schools and our school this year was represented by a Base Ball and Foot Ball Team. The citizens of Millis should be proud of the record made by these boys and in recognition of their efforts they were given a Banquet and Reception at the close of the season.

The following boys received their Foot Ball Letter:

Archie Lubin	William Winegrat
Ernest Cushing	Sam Winegrat
Max Talent	Wilfred Duhamel
George Karoughlian	Milton Rosoff
Robert McDonough	John E. Hinman
Joseph Holder	Robert Thorne
Joseph Novick	Elmer Wambolt
Jacob Warshafsky	Charles Porter
Richard Congdon	Joseph Clewes

Louis Thorne

The following boys received their Base Ball Letter:

Eugene Smith	Max Talent
Lyman Duhamel	Ernest Cushing
Goerge Karoughlain	Wilfred Duhamel
Victor Holder	Roland Goulet
Archie Lubin	John Himan

Manuel Rosen

9

The Committee at this time wish to express their appreciation to the Superintendent, Principal, Teachers, School Nurse, Coach and Janitors for their enthusiam and co-operation. Also to the citizens of the Town of Millis for their helpfulness and support.

We recommend an appropriation of \$29,500.00 for the fiscal year Jan. 1st, 1926 to Dec. 31, 1926.

Supervision and control	\$750 00

## Superintendent's Report.

---

To the Sewer Commissioners of Millis:

During the year 1925 the filter beds were plowed as deep as possible so as to break up filter sand as it had become hardened so as to make the filtration quite slow. The beds have worked very well since then. This will have to be done at least once a year.

The weeds were cut and removed from the sludge beds and the sediment was taken out, but the surface was not broken up as they did not need it this year.

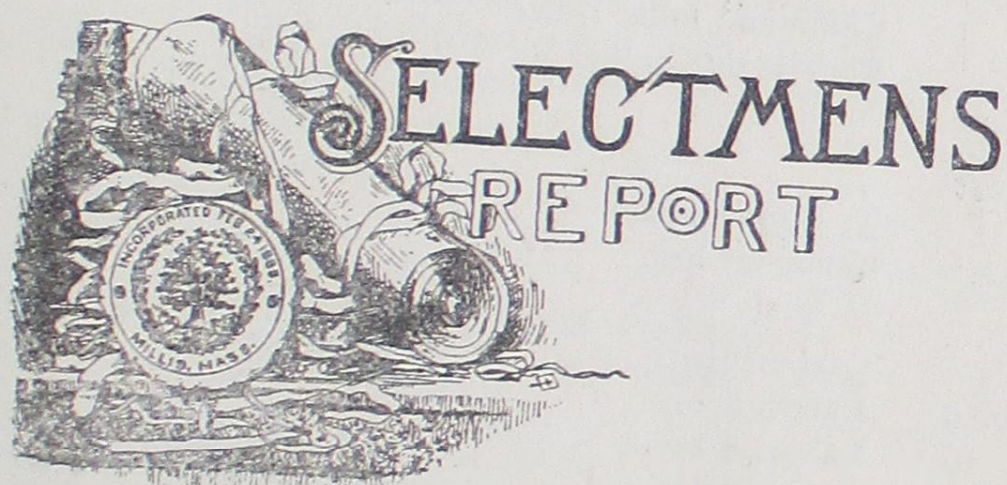

The brush and weeds were cut on the banks and also on the road. This was fixed a little so as to make it more passable.

I would recommend that the surface of the filter beds be removed by adding more filter sand. This will have to be done sometime soon on account of the sediment working down in the old sand and gradually slowing up the process of filtration in the beds.

Respectfully submitted,

LLOYD C. KING.

Selectmen of Millis.

## List of Jurors.

---

Frank Lindahl, carpenter, Spring Street.  
George Cassidy, farmer, Exchange Street.  
Moody J. Richardson, laborer, Myrtle Street.  
James H. McDonough, shoemaker, Irving Street.  
Dennis Murphy, farmer, Orchard Street.  
J. Clarence Thorne, coal dealer, Main Street.  
John F. Sullivan, laborer, Plain Street.  
John M. Walker, ice dealer, Village Street.  
Lawrence Tiernan, laborer, Main Street.  
Orville H. Purdy, clerk, Main Street.  
Robert Shepardson, chauffeur, Adams Street,  
Walter Hoar, clerk, Causeway Street.

## Report of Land Sold James Tiernan

---

At the annual town meeting Feb. 9, 1925, it was voted to instruct the Selectmen to sell to James Tiernan a strip of land approximately 10 feet wide on the westerly side of the High School lot, establishing the line approximately where the Edison Electric Ill. Co. poles now stand that serve the Town Park at a fair price. Mr. Worthington of Dedham was secured to make a survey of the plot of land after which twenty-five dollars (25.00) was agreed to be a fair price. The deed was drawn by the Town Clerk.

Respectfully submitted,

T. J. MCCARTHY,

A. G. CHOATE,

H. F. PEARE,

Selectmen of Millis.

## Report of Clicquot Ditch

---

At a town meeting called on Sept. 25, 1925, to see what action the town might take in regard to the laying of an addition 24-inch drain pipe to care for the surface water at Clicquot. As fifteen per cent of the voters were not present, no legal action was taken, only it was the sense of the meeting to lay the pipe and accept any donations which might be offered. After careful consideration the board thought wise to proceed with the work. The board received and accepted a donation of five hundred dollars (\$500 00) from the Clicquot Club to carry on the work. The work was put out for bids and two bids were received of which Mr. William Hinman was the lowest. The total cost of the work including a catch basin and extra pipe on Union street to care for the excess water near the Smith hotel was \$1997.66. The work is fully completed and is proving very satisfactory to all concerned.

Respectfully submitted,

T. J. MCCARTHY,

A. G. CHOATE,

H. F. PEARE,

Selectmen of Millis.

## Property Belonging to the Moth Dept.

1 4-H. P. Sprayer	\$25 00
1 Worthley spray nozzle	
2 " nozzle spreaders	5 00
10 creosote cans	5 00
2 croesote pails	5 00
2 spray rods	1 00
Rope and blocks, 1 1-4 in.	2 00
2 brush clippers	30 00
2 hatchets	2 00
1 bolt cutter	1 00
1 hand saw	4 00
2 pole saws	2 00
